OBJECTIVE

Embarking on my journey at Netaji Subhash Engineering College fills me with an electrifying blend of anticipation and ambition! With a fervent dedication to honing my craft in Java, C, DSA, Python, and Web Development, I'm poised to set the stage ablaze with my relentless pursuit of excellence. Armed with an unwavering spirit and an insatiable hunger for knowledge, I am primed to carve my path to triumph, fueled by the sheer force of my hard work and unwavering determination. Watch out world, for greatness beckons!

Hindi

EXPERIENCE

March 2024 -
November 2024

Software Programmer

Youth Career Hub

I'm really grateful for my time at Youth Career Hub during my web development internship. It was an awesome learning experience where I got to solve real problems . This internship helped me use what I already knew and learn a bunch of new stuff too, especially in HTML and CSS.

Big thanks to Youth Career Hub for giving me this chance to learn and improve. I appreciate the support and can't wait to see where this journey takes me next!

March 2024 -
April 2024

Software Programmer

Codesoft

I'm really grateful for my time at Codesoft during my Java internship. It was an awesome learning experience where I got to solve real problems with code. This internship helped me use what I already knew and learn a bunch of new stuff too, especially in Java.

Big thanks to Codesoft for giving me this chance to learn and improve. I appreciate the support and can't wait to see where this journey takes me next!

EDUCATION

<i>2020</i>	St. Clare School/ICSE Secondary 84.4%
<i>2022</i>	Maharishi Vidya Mandir/ISC Higher Secondary 73.75%
<i>2025</i>	Netaji Subhash Engineering College/MAKAUT BCA(Persuing)

PROJECTS

7up-Clone

This repository contains the code for a functional replica of the 7up clone, built using HTML and CSS.

Bridal Tutorial

This project make me a great opportunity to build in it own website for bridal parlour.
